PERSONAL STATEMENT

Ever since I surrendered to the ministry I have felt the need to lead, equip, and assist students on their personal spiritual journeys with Jesus Christ. I understand that my personal walk must be the first priority

in my own life. I am to set an example for others to follow. God has chiseled away at my heart and continues to shape me so that I may lead others to diligently follow Him. I believe it is my duty to walk alongside of students in their personal walks through discipleship and fellowship so the student may be gripped by Jesus Christ. I want to teach students how to impact their community for Christ's Kingdom. I also want to equip them so that the Gospel may be spread and God will be glorified.
